YOUR VEHICLE. YOUR COMPANY. YOUR SUCCESS.

Fleet Information
SmartValve Trial Eligibility Form

Provide your information below to qualify for a risk-free trial of the Hadley SmartValve on one or more of your trucks.

SmartValve requires the J1939 CanBus signal.
The SmartValve will not allow the vehicle to enter over-height mode without this signal. J1939 signal is found on most tractors **2006 and newer**.

# of units newer than 2006

Of total, how many are 6x2?

Of total, how many are 6x4?
